Xyjiao® Lep-501B
Waterborne Epoxy Curing Agent

Product Description

501B is a waterborne epoxy curing agent with light color, low odor, long pot life and low heat release. The cured material has good water resistance and chemical resistance.

Technical Specifications

Appearance	Slightly yellow liquid
Color (Gardner)	≤2
Amine value (hydrochloric acid titration method)	101
Viscosity (cps/25 °C)	400-1000
Active hydrogen equivalent weight (AHEW)	395

Product Features

1. Light color;
2. Low odor;
3. Long pot life;
4. Excellent chemical resistance.

Applications

1. Epoxy floor coatings;
2. Metal primers;
3. High-performance adhesives.

Packaging, Storage and Transport

Packed in 200 kg iron drums. Keep sealed in the original packaging container and store in a dry place at 5-40 °C (the temperature must not fall below 5 °C). Do not store in sunlight.
